

New HPE Aruba Networking DCN CX Ethernet solution SKUs

New SKUs make designing and quoting HPE integrated infrastructure solutions simpler and help ensure customers receive rapid support triage for HPE mixed compute, storage, and networking configurations

Introduction

Hewlett Packard Enterprise and HPE Aruba Networking offer customers highly differentiated pre-engineered IT infrastructure solutions that span a wide variety of HPE compute, storage, and networking options. These IT infrastructure solutions enable application and IaaS services offerings such as virtualization, vSAN, HCI, HPC, MCS, Microsoft, SAP HANA, VMware, and Nutanix.

HPE Aruba Networking DCN CX switches are available with a wide range of Ethernet port connectivity speeds including 10, 25, 40, 100, and 400Gb. These DCN CX switches can be deployed as part of an HPE infrastructure solution and are often designed along with HPE ProLiant DL/DX servers, SimpliVity, Nimble, Synergy, Cray Shasta, Cray ClusterStor, Superdome Flex and HPE GreenLake. These ready-to-deploy, integrated IT data center solutions help simplify and speed IT service delivery while reducing the time, risk, and expertise needed to deploy complex solutions.

What's New

HPE Aruba Networking has created special tracking HPE Aruba Networking Data Center networking SKUs for HPE deployments that identifies these integrated solutions to ensure they receive rapid support triage and streamlines escalation through HPE Services. These new SKUs will help ensure that these Hewlett Packard Enterprise and HPE Aruba Networking integrated solutions receive simplified ordering and the highest-level of customer service and support.

These new SKUs represent switches that are designed for data center targeted applications and have been qualified and supported by the HPE Storage Networking organization, which specializes in storage and networking deployments in and around data center environments. Refer to this page for HPE Aruba Networking Switches qualification with Storage solutions:

https://h20272.www2.hpe.com/spock/utility/document.aspx?docurl=Shared%20Documents/hw/switches/HPE_Aruba_Storage_Networking_Connectivity.pdf

New SKUs

Use the new “S#” tracking SKUs when HPE Aruba Networking CX switches are included in HPE integrated and mixed compute, storage and networking configuration and deployments. Use HPE Aruba Networking “J#” and “R#” SKUs for all data center network centric solutions (HPE Aruba Networking “only”, Non HPE environments).

Product Description	Integrated compute, storage, and networking configuration SKUs (S#)	Network Centric, Non-HPE environment, and networking-solution-only SKUs (J# & R#)
Aruba 9300-32D Prt2Pwr 6F 2DC	S1D07A	R9A29A
Aruba 9300-32D Pwr2Prt 6F 2DC	S1D08A	R9A30A
Aruba 8325-48Y8C Prt2Pwr 6F 2DC Bundle HPE	S1D09A	JL857A
Aruba 8325-48Y8C Pwr2Prt 6F 2DC Bundle HPE	S1D10A	JL858A
Aruba 8325-32C Prt2Pwr 6 F 2 DC Bundle HPE	S1D11A	JL859A
Aruba 8325-32C Pwr2Prt 6 F 2 DC Bundle HPE	S1D12A	JL860A
Aruba 8325 850W 48VDC Prt2Pwr PSU HPE	S1D13A	JL861A
Aruba 8325 850W 48VDC Pwr2Prt PSU HPE	S1D14A	JL862A

SKU Alignment

The SKUs used will align to specific technical support, services, and sales compensation. The new “S#” tracking SKUs will help ensure that customers integrating compute, storage, and networking receive the highest level of customer service and support and streamlines escalation through HPE services. The new “S#” tracking SKUs will help simplify quoting and ordering from Hybrid IT sales and speed IT service delivery while reducing the time, risk, and expertise needed to deploy complex solutions.

	Integrated compute, storage, and networking configuration SKUs (S#)	Network Centric, Non-HPE environment, and networking-solution-only SKUs (J# & R#)
Technical Support	HPE Storage Networking engineering team. Experts in storage and data center.	Aruba networking switch team. Experts in networking and Aruba switches.
Services (today)	Aruba Services	Aruba Services
Services (in the future)	Planning is underway for HPE Services (Tech Care Essentials and Tech Care Complete)	Aruba Services
Sales Field	Hybrid IT sales	Aruba-centric sales leads
